

REGULATIONS FOR TAUGHT POSTGRADUATE CURRICULA¹

(See also General Regulations)

TPG 1 Definitions:

For the purpose of regulations and syllabuses for all applicable curricula as specified in these regulations unless otherwise defined —

‘Taught postgraduate qualifications’ in these regulations include taught master’s degrees, postgraduate diplomas, postgraduate certificates, and advanced diplomas.

An ‘academic year’ normally comprises two semesters. The first semester normally commences in September and ends in December, and the second semester normally commences in January and ends in May/June, with the actual dates to be prescribed by the Senate unless otherwise permitted. It includes, if appropriate and normally at the end of each semester, a period during which candidates are assessed. For some curricula, a ‘summer semester’ may be organized in addition to the two semesters.

A ‘summer semester’ normally comprises seven to eight weeks of intensive timetabled teaching and assessment to commence after the end of the second semester assessment period, and to conclude about one week before the start of the next academic year.

The ‘maximum period of registration’ is equivalent to a period which comprises up to two additional years beyond the curriculum’s normative period of study as specified in the curriculum regulations.

‘Taught postgraduate curriculum’ means the entire study requirements for the award of a taught postgraduate qualification.

‘Course’ means a course of study, with a credit value expressed as a number of credit-units as specified in the syllabuses for a curriculum.

‘Capstone experience’ refers to one or more courses or other forms of study within the discipline or field of study which are approved by the Board of the Faculty for the purpose of integrating knowledge and skills acquired, and which are prescribed in the syllabuses of the curriculum.

‘Syllabus’ means courses taught by departments, centres, and schools, offered under a curriculum.

‘Prerequisite’ means a course or a group of courses which candidates must have completed successfully or a requirement which candidates must have fulfilled before being permitted to take the course in question.

‘Corequisite’ means a course which candidates must take in conjunction with the course in question.

‘Credits’ or ‘credit-units’ means the value assigned to each course to indicate its study load relative to the total study load under a curriculum. The study load refers to the hours of student learning activities and experiences, both within and outside the classroom, and includes contact hours and time spent on assessment tasks and examinations. Candidates who satisfactorily complete courses with a credit value earn the credits assigned to these courses.

‘Grade Points’ are standardized measurements of candidates’ academic achievement in courses taken to satisfy the requirements of the curriculum and are expressed as a scale corresponding to the letter grades system prescribed in these regulations.

¹ These regulations are applicable to candidates admitted from 2016–17 onwards to the taught postgraduate curricula. Reference in these regulations to the powers of the Boards of Faculties shall be applicable to Senate Boards of Studies which administer taught postgraduate curricula.

'Grade Point Average' or 'GPA' is a numerical measure of a candidate's academic achievement over a specified period of time. All courses attempted (including failed courses) are counted towards the GPA, except for those which are not graded on the prescribed letter grades and grade points system and such other courses as stipulated in these regulations. Each relevant course attempted (including each failed course) is assigned a numerical value, with all courses carrying equal weighting. This numerical value is the product of grade points earned for the course and the credit value of that course.

The 'Grade Point Average' is the sum of these numerical values divided by the total number of credits attempted:

$$GPA = \frac{\sum_i \text{Course Grade Point} \times \text{Course Credit Value}}{\sum_i \text{Course Credit Value}}$$

(where 'i' stands for all relevant passed and failed courses taken by the student over a specified period)

'Semester Grade Point Average' or 'Semester GPA' is the GPA in respect of all relevant courses attempted by a candidate (including failed courses) during a given semester.

'Year Grade Point Average' or 'Year GPA' is the GPA in respect of all relevant courses attempted by a candidate (including failed courses) during a given academic year.

'Cumulative Grade Point Average' or 'Cumulative GPA' is the GPA in respect of all relevant courses attempted by a candidate (including failed courses) at the time of calculation.

'Assessment' refers to judgment about the quality and extent to which a student has achieved the stated learning objectives or learning outcomes. It includes all types of assessment activities which allow for such a judgment to be made. For the purpose of interpreting the relevant provisions of the Ordinance and the Statutes and where appropriate, reference to 'examination' or 'examinations' in the Ordinance and the Statutes shall include and cover all forms of 'assessment' and its related processes.

A 'transcript' refers to a transcript of the record of study of a candidate, issued by the Registry of the University.

The number of transferred credits may be recorded in the transcript of the candidate, but the results of courses completed at other institutions shall not be included in the calculation of the GPA. The combined total number of credits to be granted for Advanced Standing and credit transfer shall not exceed half of the total credits normally required under the curricula of the candidates during their candidature at the University.
 - (c) Unless otherwise permitted by the Board of the Faculty, candidates shall be recommended for discontinuation of their studies if they have:

Approval for exemption of a capstone experience may be granted only by the Senate with good reasons. Candidates who are so exempted must replace the number of exempted credits with courses of the same credit value.

TPG 8 Assessment:
